

National Alternative Education Association Conference

You can **earn college credit** while learning the latest about alternative education at the National Alternative Education Association's 2020 virtual conference!

NAEA, in partnership with New England College, is pleased to offer one college credit in conjunction with conference participation.

When you register for the conference, you can also register with NEC for its **Current Issues in Alternative Education** course (see registration form attached). Cost for one credit is \$480.00.

This is an excellent opportunity to learn about Social-Emotional aspects of alternative education, Racial Equity in Education, and Exemplary Practices for your school. Then, reflect on what you have learned and make an action plan while earning one college credit.

For information on the MED and CAGS programs contact
